

## Signs Following

questions for reflection

Describe a moment when you stepped out in faith and what signs followed as a result?

Can you remember a time when you felt like you missed an opportunity and later regretted not stepping out ?

Why do you think Jesus says "it's not my time and then does the miracle anyway?"

Do you feel like you are delaying the assignment God has given you, or what do you think God is asking of you today.

Is there something you know you should do - but you don't want to do it, so you keep saying "not today, it's not my time"?

What are you praying for today?

Can you think of 3 ways, this month, you can step out of our comfort zone / or ways you can engage with someone and share Jesus with them ?
